

The Spice Solar N-S Bracket mounts on L feet and provides a rigid and grounded connecting point between module rows. The N-S Bracket automatically aligns rows and is tightened from the top with standard tools.

1. Spacer block precisely aligns rows
2. 7/16" hex head bolt tightens N-S Brackets from the top
3. Spring allows N-S Bracket to snap into place
4. Bottom clamp grounds adjacent rows

Product Specifications

Materials	aluminum, stainless Steel
Finish	black, silver
Weight	1.7 lbs per 10 pack
Warranty	3 year surface, 10 year defect
